INSTRUCTIONS

Use 2 strands for cross stitches. Model stitched on 14 count Pale Pink Aida.

Finishing Instructions:

Cut a piece of fabric that is 40 stitches wide by 168 long for the body, one that is 11 stitches wide by 130 long for the strap & two that are 16 stitches wide by 68 long for the sides. For the body, start 4 stitches from the top and 5 stitches from the left side and begin stitching the design as shown. For the sides, start 4 stitches from the top and 3 stitches from the left and stitch the design as shown. For the strap, there is no design stitched. Use the color key below. When completed, fold the tops of the body and two sides down and stitch them as shown so that there is only a two stitch edge at the top of each piece.

Starting at the top, sew each side to the body all the way around using DMC 605 with a 2 stitch seam allowance leaving a flap at the top. Fold and seam the flap as shown using DMC 905 floss for the seams. For the strap fold as shown leaving a 4 stitch wide tube and then seam with DMC 905 as shown. Attach one side of the strap on the center of the right hand side. Sew a toggle clasp (a lobster claw clasp can be used as well) onto the center of the other side and the loose end of the strap. Place a Velcro dot on the under side of the flap and a corresponding dot on the front of top of the body. Designed to fit most modern cell phones. Make the sides wider for thicker cell phones or make the sides and body longer for taller cell phones.

DMC Colors:

| | Symbol | Number | Color |
|--|--------|--------|-----------------|
| | * | 602 | Cranberry-MD |
| | - | 605 | Cranberry-VY LT |
| | . | White | White |

| Symbol | Number | Color |
|--------|--------|---------------------|
| | | Outline of pieces |
| | | Fold Lines |
| | 601 | Cranberry-DK |
| | 605 | Pale Pink for Seams |
| | 905 | Parrot Green-DK |
